RESEARCH SCHOOL OF ASTRONOMY & ASTROPHYSICS (RSAA)

RSAA Summer Research Internship and AITC Summer Student Program/Northrop Grumman Global Externship Program

For undergraduate students in Physics, Mathematics, Science, Earth Science,
Engineering and Computer Science

Applications open now:

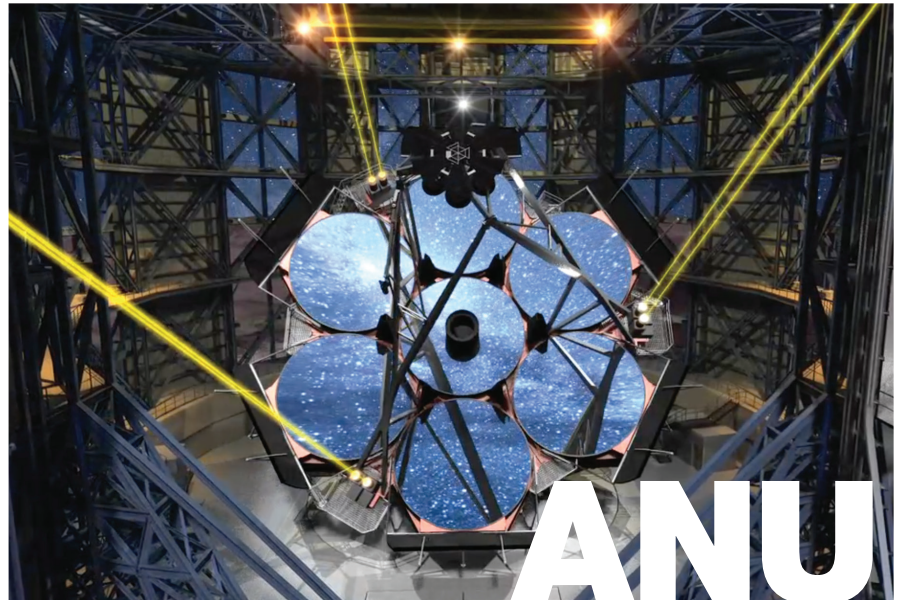

<https://rsaa.anu.edu.au/study/undergraduate-research/summer-scholarships>

Are you an undergraduate student with a passion for astronomy and astrophysics?

Join us at Mount Stromlo Observatory to gain hands-on experience in astronomical research under the supervision of world-renowned experts!

Areas of research include:

- Star Formation
- Stellar Evolution
- Computational Astrophysics
- Instrumentation
- Adaptive Optics
- Laser Communications

The Summer Research Scholarship provides board, accommodation and meals at Burgmann College for nine weeks (including the Christmas shutdown period), a stipend of \$150/week and reimbursement of up to \$1000 for travel costs.

If you are selected for the program, you will have the opportunity to:

- Work on a real-world research project
- Contribute to cutting-edge science
- Develop your skills and knowledge in astronomy and astrophysics
- Network with leading astronomers, astrophysicists and instrumentation scientists
- Gain a competitive edge for future study or employment

Don't miss this opportunity to gain hands-on experience in astronomical research and make a difference in the field of astronomy and astrophysics.
